

Salvaged Piper Items

The following is an email received from Mr. John Pepera on December 12, 2006. Please let me know if you purchase any of the items, so I can note that they are sold.

Thanks,
Mike Bray
mikebray@chartermi.net

I'm sorry, all items have been sold.

Hello Frank,

I obtained your name from the "USS Piper" web site.

I am a military collector with a personal interest in US Civil War swords and German WWII items. I recently was contacted by a women who had her husband's souvenirs and she wanted to dispose of them. I subsequently purchased them which included several items from the USS Piper to include a few gauges, a time lapsed gauge and a brass tablet with attached nomenclature tags and a gauge regards the tube pressure from the # 4 torpedo tube and two heavy metal holders for one each white and red indicators for the torpedo tubes. I am afraid that my descriptions are very elementary and I feel it best to allow the photos to speak for themselves.

In addition to yourself, I am contacting a few other members of the Piper web site that have signed the guest book in the hope of finding an interested person(s) who might collect such items and may be willing and able to help me evaluate these items.

I would be very appreciative and interested in hearing back from you with any information that you may provide.

I am including one photo of each item to help serve as a description with several additional if needed.

I will be looking forward to hearing from you should you have any interest and when your time permits.

Sincerely and with best regards,

John Pepera > peppers1@ameritech.net Home phone 216.661.8884
